

The Governing Commission recommends amending the Policy Governance Manual beginning at line 202 by striking the rest of the paragraph through line 204.

The Governing Commission assures that the Synod fulfills its Ends and serves the purpose(s) intended by those who support and invest in the Synod. These “owners” are defined, for the purpose of these policies, as the constituent presbyteries of the Synod, ~~partner organizations, members, contributors (e.g., corporate, philanthropic, individual) and volunteers (including Governing Commission members, service providers, program staff).~~
